(1) Access

Upon execution and receipt by FINRA of the Participant Application Agreement, a Participant may commence input and validation of trade information in ADF-eligible securities. Participants may access the service through computer interface or such other service as may be designated by FINRA during the hours of operation specified by FINRA. Prior to such input, all Participants, including those that have trade report information submitted to FINRA by any third party, must obtain from FINRA a unique identifying Market Participant Symbol ("MPID"), and use that identifier for trade reporting and audit trail purposes.

7130. Trade Report Input

(a) Reportable System Transactions

Members shall comply with the [Rule 7100](#) Series when reporting transactions to the System, including executions of less than one round lot if those executions are to be compared and locked-in. All trades that are reportable transactions will be processed pursuant to an effective transaction reporting plan. Trades that are not already locked-in trades will be compared and locked-in through the System.

(b) When and How Trade Reports are Submitted

Participants shall transmit trade reports to the System for Reportable System Transactions as soon as practicable but no later than 10 seconds after execution, or such other time period prescribed by rule, or shall accept or decline trades within twenty (20) minutes after execution, according to the requirements of paragraph (c) of this Rule.

(d) Trade Information To Be Input

The information listed below must be provided for each transaction that is reported to the System. Unless the contra side will have an opportunity to provide its own trade information, the Reporting Member is responsible for the complete and accurate submission of information for both sides of the trade.

(1) Security identification symbol of the eligible security (SECID);

(2) Number of shares;

(3) Unit price, excluding commissions, mark-ups or mark-downs;

(4) The time of execution expressed in hours, minutes and seconds based on Eastern Time in military format, unless another provision of FINRA rules requires that a different time be included on the report;

(5) A symbol indicating whether the party submitting the trade report represents the Reporting Member (denoted as the Executing Party or "EPID") side or the Non-Reporting Party (denoted as the Contra Party or "CPID") side;

(6) A symbol indicating whether the transaction is a buy, sell or cross, and if applicable, a symbol indicating that the transaction is a sell short or sell short exempt trade from the Reporting Member perspective or contra side perspective, irrespective of whether the contra side is a member;

(7) A symbol indicating whether the trade is as principal, riskless principal, or agent;

(8) Reporting side clearing broker (if other than normal clearing broker);

(9) Reporting side executing broker as "give-up" (if any);

(10) Contra side executing broker;

(11) Contra side introducing broker in case of "give-up" trade;

(12) Contra side clearing broker (if other than normal clearing broker);

(13) Designated indicator for special trades and "step outs";

(14) For any transaction in an order for which a member has recording and reporting obligations under Rules [7440](#) and [7450](#), the trade report must include an order identifier, meeting such parameters as may be prescribed by FINRA, assigned to the order that uniquely identifies the order for the date it was received (see [Rule 7440\(b\)\(1\)](#)).

(15) For any transaction for which the System is used to transfer a transaction fee between two FINRA members, the trade report must comply with the requirements of Rule 7130(h).

(16) For any transaction for which the System is used to clear a transaction, the trade report must indicate whether the trade is to be compared in the System or is locked-in pursuant to an Automatic Give Up Agreement ("AGU") or a Qualified Special Representative Agreement ("QSR").

(e) Reporting Cancelled Trades

(1) Obligation and Party Responsible for Reporting Cancelled Trades

With the exception of trades cancelled by FINRA staff in accordance with the [Rule 11890](#) Series, members shall report to the System the cancellation of any trade previously submitted to the System. The member responsible under FINRA rules for submitting the original trade report shall submit the cancellation report in accordance with the requirements set forth in paragraph (e)(2).

(2) Deadlines for Reporting Cancelled Trades

Members shall comply with deadlines set forth in [Rule 6282](#) for reporting cancelled trades.

(f) Reporting Certain Transactions for Purposes of Regulatory Transaction Fee Assessment

The following types of transactions that are assessed a regulatory transaction fee in accordance with Section 3 of Schedule A to the FINRA By-Laws shall be reported in the manner prescribed by FINRA to denote that they are submitted for regulatory purposes and not for dissemination. Transactions must be submitted to the System by 6:30 p.m. Eastern Time (or the end of the System reporting session that is in effect at that time). Transactions may be entered as clearing or non-clearing.

(1) Transactions where the buyer and seller have agreed to trade at a price substantially unrelated to the current market for the security, and consideration is given (away from the market sales);

(2) Transactions effected pursuant to the exercise of an OTC option; and

(3) Transfers of proprietary securities positions where the transfer (A) is effected in connection with a merger or direct or indirect acquisition and (B) is not in furtherance of a trading or investment strategy. Members must provide FINRA at least three business days advance written notice of their intent to use this exception, including the basis for their determination that the transfer meets the terms of the exception. Members must report such transfers on the same day as the ultimate transfer of the positions on their books and records, unless later reporting is warranted under specific circumstances.

(g) Submission of Non-Tape Reports Associated With Previously Executed Trades

(1) Members shall not submit to the System any non-tape report (either a non-tape, non-clearing report or a clearing-only report), including but not limited to reports of step-outs and reversals, associated with a previously executed trade that was not reported to the System, unless such report is submitted, pursuant to [Rule 6282\(d\)](#), to reflect the offsetting riskless portion of a riskless principal transaction.

(2) Where permitted by subparagraph (1) above, any non-tape report (either a non-tape, non-clearing report or a clearing-only report) associated with a previously executed trade(s) that was not reported to the System must identify the facility or market where the associated trade(s) was reported, as specified by FINRA. For any such report, members must retain and produce, upon request, documentation relating to the associated trade(s).

(h) Inclusion of Transaction Fees in Clearing Reports Submitted to the System

FINRA members may agree in advance to transfer a transaction fee charged by one member to another member on a transaction reported to the System through the submission of a clearing report to the System. Such report, inclusive of the transaction fee, will be submitted to the National Securities Clearing Corporation for processing. To facilitate the transfer of the transaction fee, the report submitted to the System shall provide, in addition to all other information required to be submitted by any other rule, pricing information to indicate a total per share or contract price amount, inclusive of the transaction fee. Prior to submitting any such report, both members and their respective clearing firms, as applicable, must have executed an agreement, as specified by FINRA, permitting the facilitation of the transfer of the transaction fee through the System, as well as any other applicable agreement, such as a give up agreement pursuant to [Rule 6282](#)(h), and submitted the executed agreement(s) to FINRA Market Operations. Such agreement(s) are considered member records for purposes of [Rule 4511](#) and must be made and preserved by both members in conformity with applicable FINRA rules. Nothing in this paragraph shall relieve a member from its obligations under FINRA rules and the federal securities laws, including but not limited to, [Rule 2232](#) and SEA Rule 10b-10.

Example:

SELL 100 shares to another member at 10 plus a transaction fee of .01 per share;

REPORT 100 shares at 10 (the per share price exclusive of the transaction fee) to the System for publication and also report pricing information to indicate a 10.01 per share price inclusive of the transaction fee for purposes of clearance and settlement through the National Securities Clearing Corporation.

7140. Trade Report Processing

Locked-in trades may be determined in the System through one of the following methods:

(a) Trade by Trade Match

Both parties to the trade submit transaction data and the System performs an on-line match;

(b) Trade Acceptance

The Reporting Party enters its version of the trade into the system and the contra party reviews the trade report and accepts or declines the trade. An acceptance results in a locked-in trade; a declined trade report is purged from the System at the end of trade date processing;

(c) T+N Trade Processing

T+N entries may be submitted until 6:30 p.m. each business day. At the end of daily matching, all declined trade entries will be purged from the System. The System will not purge any open trade (i.e. unmatched or unaccepted) at the end

of its entry day, but will carry-over such trades to the next business day for continued comparison and reconciliation. The System will automatically lock in and submit to NSCC as such any carried-over T to T+21 (calendar day) trade if it remains open as of 2:30 p.m. on the next business day. The System will not automatically lock in T+22 (calendar day) or older open "as/of" trades that were carried-over from the previous business day; these trades will be purged by The System at the end of the carry-over day if such trades remain open. Members may re-submit these T+22 or older "as/of" trades into The System on the next business day for continued comparison and reconciliation for up to one calendar year.

(5) A symbol indicating whether the party submitting the trade report represents the Reporting Member (denoted as the Executing Party or "EPID") side or the Non-Reporting Party (denoted as the Contra Party or "CPID") side;

(6) A symbol indicating whether the transaction is a buy, sell or cross, and if applicable, a symbol indicating that the transaction is a sell short or sell short exempt trade from the Reporting Member perspective or contra side perspective, irrespective of whether the contra side is a member;

(7) A symbol indicating whether the trade is as principal, riskless principal, or agent;

(8) Reporting side Clearing Broker (if other than normal Clearing Broker);

(9) Reporting side executing broker as "give-up" (if any);

(10) Contra side executing broker;

(11) Contra side introducing broker in case of "give-up" trade;

(12) Contra side Clearing Broker (if other than normal Clearing Broker).

(13) For any transaction in an order for which a member has recording and reporting obligations under Rules [7440](#) and [7450](#), the trade report must include an order identifier, meeting such parameters as may be prescribed by FINRA, assigned to the order that uniquely identifies the order for the date it was received (see [Rule 7440\(b\)\(1\)](#)).

(14) For any transaction for which the FINRA/Nasdaq Trade Reporting Facility is used to transfer a transaction fee between two FINRA members, the trade report must comply with the requirements of [Rule 7230A\(h\)](#).

(e) Aggregation of Transaction Reports for Clearing Purposes Only

Individual executions of orders in a security at the same price and with the identical contra party may be aggregated into a single report and submitted to the System for purposes of clearing only; provided, however, that a Reporting Party may not withhold reporting a trade in anticipation of aggregating the transaction with other transactions.

(f) Reporting Cancelled Trades

(1) Obligation and Party Responsible for Reporting Cancelled Trades

With the exception of trades cancelled by FINRA staff in accordance with [Rule 11890](#) Series, members shall report to the System the cancellation of any trade previously submitted to the System. The member responsible under FINRA rules for submitting the original trade report shall submit the cancellation report in accordance with the requirements set forth in paragraph (f)(2).

(2) Deadlines for Reporting Cancelled Trades

Members shall comply with deadlines set forth in [Rule 6380A](#) for reporting cancelled trades.

(g) Reporting Certain Transactions for Purposes of Regulatory Transaction Fee Assessment

The following types of transactions that are assessed a regulatory transaction fee in accordance with Section 3 of Schedule A to the FINRA By-Laws shall be reported in the manner prescribed by FINRA to denote that they are submitted for regulatory purposes and not for dissemination. Transactions must be submitted to the System by 8:00 p.m. Eastern Time (or the end of the System reporting session that is in effect at that time). Transactions may be entered as clearing or non-clearing.

(1) Transactions where the buyer and seller have agreed to trade at a price substantially unrelated to the current market for the security, and consideration is given (away from the market sales);

(2) Transactions effected pursuant to the exercise of an OTC option; and

(3) Transfers of proprietary securities positions where the transfer (A) is effected in connection with a merger or direct or indirect acquisition and (B) is not in furtherance of a trading or investment strategy. Members must provide FINRA at least three business days advance written notice of their intent to use this exception, including the basis for their determination that the transfer meets the terms of the exception. Members must report such transfers on the same day as the ultimate transfer of the positions on their books and records, unless later reporting is warranted under specific circumstances.

(h) Inclusion of Transaction Fees in Clearing Reports Submitted to the FINRA/Nasdaq Trade Reporting Facility

FINRA members may agree in advance to transfer a transaction fee charged by one member to another member on a transaction in NMS stocks, as defined in Rule 600(b)(47) of SEC Regulation NMS, effected otherwise than on an exchange through the submission of a clearing report to the FINRA/Nasdaq Trade Reporting Facility. Such report, inclusive of the transaction fee, will be submitted to the National Securities Clearing Corporation for processing. To facilitate the transfer of the transaction fee, the report submitted to the FINRA/Nasdaq Trade Reporting Facility shall provide, in addition to all other information required to be submitted by any other rule, a total per share or contract price amount, inclusive of the transaction fee. Prior to submitting any such report, both members and their respective clearing firms, as applicable, must have executed an agreement, as specified by FINRA, permitting the facilitation of the transfer of the transaction fee through the FINRA/Nasdaq Trade Reporting Facility, as well as any other applicable agreement, such as a give up agreement pursuant to [Rule 6380A\(h\)](#), and submitted the executed agreement(s) to the FINRA/Nasdaq Trade Reporting Facility. Such agreement(s) are considered member records for purposes of [Rule 4511](#) and must be made and preserved by both members in conformity with applicable FINRA rules. Nothing in this paragraph shall relieve a member from its obligations under FINRA rules and the federal securities laws, including but not limited to, [Rule 2232](#) and SEA Rule 10b-10.

Example:

SELL 100 shares to another member at 10 plus a transaction fee of .01 per share;

REPORT 100 shares at 10 (the per share price exclusive of the transaction fee) to the FINRA/Nasdaq Trade Reporting Facility for publication and also report 10.01 (the per share price inclusive of the transaction fee) for purposes of clearance and settlement through the National Securities Clearing Corporation.

(i) Submission of Non-Tape Reports Associated With Previously Executed Trades

(1) Members shall not submit to the System any non-tape report (either a non-tape, non-clearing report or a

clearing-only report), including but not limited to reports of step-outs and reversals, associated with a previously executed trade that was not reported to the System, unless such report is submitted, pursuant to [Rule 6380A\(d\)](#), to reflect the offsetting riskless portion of a riskless principal transaction.

(2) Where permitted by subparagraph (1) above, any non-tape report (either a non-tape, non-clearing report or a clearing-only report) associated with a previously executed trade(s) that was not reported to the System must identify the facility or market where the associated trade(s) was reported, as specified by FINRA. For any such report, members must retain and produce, upon request, documentation relating to the associated trade(s).

7240A Trade Report Processing

Locked-in trades may be determined in the System by matching the trade information submitted by the Reporting Parties through one of the following methods:

(a) Trade by Trade Match

Both parties to the trade submit transaction data and the System performs an on-line match;

(b) Trade Acceptance

The Reporting Party enters its version of the trade into the System and the contra party reviews the trade report and accepts or declines the trade. An acceptance results in a locked-in trade; a declined trade report is purged from the System at the end of trade date processing;

(c) T+N Trade Processing

T+N entries may be submitted until 8:00 p.m. each business day. At the end of daily matching, all declined trade entries will be purged from the System. The System will not purge any open trade (i.e. unmatched or unaccepted) at the end of its entry day, but will carry-over such trades to the next business day for continued comparison and reconciliation. The System will automatically lock in and submit to DTCC as such any carried-over T to T+21 (calendar day) trade if it remains open as of 2:30 p.m. on the next business day. The System will not automatically lock in T+22 (calendar day) or older open "as/of" trades that were carried-over from the previous business day; these will be purged by the System at the end of the

carry-over day if they remain open. Members may re-submit these T+22 or older "as/of" trades into the System on the next business day for continued comparison and reconciliation for up to one calendar year.

Upon execution and receipt by the FINRANYSE Trade Reporting Facility of a Participant Application Agreement, a Participant may commence input and validation of trade information in Reportable Securities. Participants may access the service through computer interface or such other service as may be designated by the FINRANYSE Trade Reporting Facility during the hours of operation specified by the FINRANYSE Trade Reporting Facility. (5) Each Participant shall be obligated to inform FINRA of non-compliance with any of the participation requirements set forth above.

(b) Participant Obligations

(1) Access

Upon execution and receipt by FINRA of the Participant Application Agreement, as applicable, a Participant may commence input and validation of trade information in Reportable Securities. Participants may access the service through computer interface or such other service as may be designated by FINRA during the hours of operation specified by FINRA. Prior to such input, all Participants, including those that have trade report information submitted by any third party, must obtain from the System a unique identifying Market Participant Symbol ("MPID"), and use that identifier for trade reporting and audit trail purposes.

(2) System Participant Obligations

(A) Participants shall commence participation in the System by initially contacting the System Operation Center to verify authorization for submitting trade data to the System for Reportable Securities.

(B) A Participant that is a self-clearing firm shall be obligated to accept and clear each trade that the System identifies as having been effected by that Participant.

(C) A Participant that is an Introducing Broker or a Correspondent Executing Broker shall identify its Clearing Broker when it becomes a Participant and notify the System Operation Center if its Clearing Broker is to be changed; this will necessitate execution of a revised Participant Application Agreement.

(D) If at any time a Participant fails to maintain a clearing arrangement, it shall be removed from the System until such time as a clearing arrangement is reestablished and notice of such arrangement, with an amended Reporting Participant Application Agreement, is filed with FINRA.

(3) Clearing Broker Obligations

(A) System Clearing Brokers shall be obligated to accept and clear as a party to the transaction each trade that the System identifies as having been effected by itself or any of its Correspondent Executing Brokers. Clearing Brokers may cease to act as principal for a Correspondent Executing Broker at any time provided that notification has been given to, received and acknowledged by the System Operation Center and affirmative action has been completed by the Center to remove the Clearing Broker from the System for that Correspondent Executing Broker. The Clearing Broker's obligation to accept and clear trades for its correspondents shall not cease prior to the completion of all of the steps detailed in this subparagraph (3).

(B) If at any time a System Clearing Broker fails to maintain a clearing arrangement, it shall be removed from the System until such time as a clearing arrangement is reestablished, and notice of such arrangement, with an amended Participant Application Agreement, is filed with FINRA.

7330. Trade Report Input

(a) Reportable Transactions

Members shall comply with the [Rule 7300](#) Series when reporting transactions to the System, including executions of less than one round lot if those executions are to be compared and locked-in. All trades that are reportable transactions will be processed pursuant to an effective transaction reporting plan. Trades that are not already locked-in trades will be compared and locked-in through the System.

(b) When and How Trade Reports are Submitted

Participants shall transmit trade reports to the System for Reportable System Transactions within the time period required in [Rule 6622](#), or, in the case of trades in OTC Equity Securities, shall use the Browse function to accept or decline trades within twenty (20) minutes after execution, according to the requirements of paragraph (c) of this Rule.

(c) Which Party Inputs Trade Reports

Participants shall, subject to the input requirements below, either input trade reports or use the Browse feature to accept or decline a trade within the applicable time-frames as specified in paragraph (b) of this Rule. Trade reports shall be submitted by the member as required by [Rule 6622\(b\)](#).

(d) Trade Information To Be Input

The information listed below must be provided for each transaction that is reported to the System. Unless the contra side will have an opportunity to provide its own trade information, the Reporting Member is responsible for the complete and accurate submission of information for both sides of the trade.

(1) Security identification symbol of the eligible security (SECID);

(2) Number of shares;

(3) Unit price, excluding commissions, mark-ups or mark-downs;

(4) The time of execution expressed in hours, minutes and seconds based on Eastern Time in military format, unless another provision of FINRA rules requires that a different time be included on the report;

(5) A symbol indicating whether the party submitting the trade report represents the Reporting Member (denoted as the Executing Party or "EPID") side or the Non-Reporting Party (denoted as the Contra Party or "CPID") side;

(6) A symbol indicating whether the transaction is a buy, sell or cross, and if applicable, a symbol indicating whether the transaction is a sell short trade from the Reporting Member perspective or contra side perspective, irrespective of whether the contra side is a member;

(7) A symbol indicating whether the trade is as principal, riskless principal, or agent;

(8) Reporting side Clearing Broker (if other than normal Clearing Broker);

(9) Reporting side executing broker as "give-up" (if any);

(10) Contra side executing broker;

(11) Contra side introducing broker in case of "give-up" trade;

(12) Contra side Clearing Broker (if other than normal Clearing Broker).

(13) For any transaction in an order for which a member has recording and reporting obligations under Rules [7440](#) and [7450](#), the trade report must include an order identifier, meeting such parameters as may be prescribed by FINRA, assigned to the order that uniquely identifies the order for the date it was received (see [Rule 7440\(b\)\(1\)](#)).

(14) For any transaction for which the OTC Reporting Facility is used to transfer a transaction fee between two FINRA members, the trade report must comply with the requirements of Rule 7330(i).

(e) Aggregation of Transaction Reports for Clearing Purposes Only

Individual executions of orders in a security at the same price and with the identical contra party may be aggregated into a single report and submitted to the System for purposes of clearing only; provided, however, that a Reporting Party may not withhold reporting a trade in anticipation of aggregating the transaction with other transactions.

(f) Reporting Cancelled Trades

(1) Obligation and Party Responsible for Reporting Cancelled Trades

With the exception of trades cancelled by FINRA staff in accordance with [Rule 11890](#) Series, members shall report to the System the cancellation of any trade previously submitted to the System. The member responsible under FINRA rules for submitting the original trade report shall submit the cancellation report in accordance with the requirements set forth in paragraph (f)(2).

(2) Deadlines for Reporting Cancelled Trades

Members shall comply with deadlines set forth in [Rule 6622](#) for reporting cancelled trades.

(g) Reporting Certain Transactions for Purposes of Regulatory Transaction Fee Assessment

The following types of transactions that are assessed a regulatory transaction fee in accordance with Section 3 of Schedule A to the FINRA By-Laws shall be reported in the manner prescribed by FINRA to denote that they are submitted for regulatory purposes and not for dissemination. Transactions must be submitted to the System by 8:00 p.m. Eastern Time (or the end of the System reporting session that is in effect at that time). Transactions may be entered as clearing or non-clearing.

(1) Transactions where the buyer and seller have agreed to trade at a price substantially unrelated to the current market for the security, and consideration is given (away from the market sales);

(2) Transactions effected pursuant to the exercise of an OTC option; and

(3) Transfers of proprietary securities positions where the transfer (A) is effected in connection with a merger or direct or indirect acquisition and (B) is not in furtherance of a trading or investment strategy. Members must provide FINRA at least three business days advance written notice of their intent to use this exception, including the basis for their determination that the transfer meets the terms of the exception. Members must report such transfers on the same day as the ultimate transfer of the positions on their books and records, unless later reporting is warranted under specific circumstances.

(h) Submission of Non-Tape Reports Associated With Previously Executed Trades

(1) Members shall not submit to the System any non-tape report (either a non-tape, non-clearing report or a clearing-only report), including but not limited to reports of step-outs and reversals, associated with a previously executed trade that was not reported to the System, unless such report is submitted, pursuant to [Rule 6622](#)(d), to reflect the offsetting riskless portion of a riskless principal transaction.

(2) Where permitted by subparagraph (1) above, any non-tape report (either a non-tape, non-clearing report or a clearing-only report) associated with a previously executed trade(s) that was not reported to the System must identify the facility or market where the associated trade(s) was reported, as specified by FINRA. For any such report, members must retain and produce, upon request, documentation relating to the associated trade(s).

(i) Inclusion of Transaction Fees in Clearing Reports Submitted to the OTC Reporting Facility

FINRA members may agree in advance to transfer a transaction fee charged by one member to another member on a transaction reported to the OTC Reporting Facility through the submission of a clearing report to the OTC Reporting Facility. Such report, inclusive of the transaction fee, will be submitted to the National Securities Clearing Corporation for processing. To facilitate the transfer of the transaction fee, the report submitted to the OTC Reporting Facility shall provide, in addition to all other information required to be submitted by any other rule, a total per share or contract price amount, inclusive of the transaction fee. Prior to submitting any such report, both members and their respective clearing firms, as applicable, must have executed an agreement, as specified by FINRA, permitting the facilitation of the transfer of the transaction fee through the OTC Reporting Facility, as well as any other applicable agreement, such as a give up agreement pursuant to [Rule 6622](#)(h), and submitted the executed agreement(s) to the OTC Reporting Facility. Such agreement(s) are considered member records for purposes of [Rule 4511](#) and must be made and preserved by both members in conformity with applicable FINRA rules. Nothing in this paragraph shall relieve a member from its obligations under FINRA rules and the federal securities laws, including but not limited to, [Rule 2232](#) and SEA Rule 10b-10.

Example:

SELL 100 shares to another member at 10 plus a transaction fee of .01 per share;

REPORT 100 shares at 10 (the per share price exclusive of the transaction fee) to the OTC Reporting Facility for

publication and also report 10.01 (the per share price inclusive of the transaction fee) for purposes of clearance and settlement through the National Securities Clearing Corporation.

7340. Trade Report Processing

Locked-in trades may be determined in the System by matching the trade information submitted by the Reporting Parties through one of the following methods:

(a) Trade by Trade Match

Both parties to the trade submit transaction data and the System performs an on-line match;

(b) Trade Acceptance

The Reporting Party enters its version of the trade into the System and the contra party reviews the trade report and accepts or declines the trade. An acceptance results in a locked-in trade; a declined trade report is purged from the System at the end of trade date processing;

(c) T+N Trade Processing

T+N entries may be submitted until 8:00 p.m. each business day. At the end of daily matching, all declined trade entries will be purged from the System. The System will not purge any open trade (i.e. unmatched or unaccepted) at the end of its entry day, but will carry-over such trades to the next business day for continued comparison and reconciliation. The System will automatically lock in and submit to DTCC as such any carried-over T to T+21 (calendar day) trade if it remains open as of 2:30 p.m. on the next business day. The System will not automatically lock in T+22 (calendar day) or older open "as/of" trades that were carried-over from the previous business day; these will be purged by the System at the end of the carry-over day if they remain open. Members may re-submit these T+22 or older "as/of" trades into the System on the next business day for continued comparison and reconciliation for up to one calendar year.

7350. Obligation to Honor Trades

If a Participant is reported by the System as a party to a trade that has been treated as locked-in and sent to DTCC, notwithstanding any other agreement to the contrary, that party shall be obligated to act as a principal to the trade and shall honor such trade on the scheduled settlement date.

Adopted by SR-FINRA-2008-021.

Selected Notice: [08-57](#).

7360. Audit Trail Requirements

The data elements specified in [Rule 7330](#)(d) are critical to FINRA's compilation of a transaction audit trail for regulatory purposes. As such, all member firms utilizing the trade reporting service of the System have an ongoing obligation to input 7330(d) information accurately and completely.

7370. Violation of Reporting Rules

for any penalties that may occur.

(b) In assessing capacity penalties incurred under the National Market System Plans:

(1) FINRA will use the metrics of the applicable Securities Information Processor (SIP) to determine if a penalty has been incurred and will use its own metrics to allocate the penalty to the appropriate ADF Trading Centers (in the event that more than one ADF Trading Center has exceeded its projections);

7600. DATA PRODUCTS AND CHARGES FOR TRADE REPORTING FACILITY SERVICES

7600A. DATA PRODUCTS AND CHARGES FOR FINRA/NASDAQ TRADE REPORTING FACILITY SERVICES

7610A. Securities Transaction Credit

FINRA members that trade securities listed on the NYSE ("Tape A"), Amex and regional exchanges ("Tape B"), or Nasdaq ("Tape C") in over-the-counter transactions reported to the FINRA/Nasdaq Trade Reporting Facility may receive from the FINRA/Nasdaq Trade Reporting Facility transaction credits based on the transactions attributed to them. A transaction is attributed to a member if the member is identified as the executing party in a trade report submitted to the FINRA/Nasdaq Trade Reporting Facility that the FINRA/Nasdaq Trade Reporting Facility submits to the Consolidated Tape Association or the Nasdaq Securities Information Processor. A FINRA member may earn credits from any of three pools maintained by the FINRA/Nasdaq Trade Reporting Facility, each of which represents the revenue paid by the Consolidated Tape Association or the Nasdaq Securities Information Processor with respect to the FINRA/Nasdaq Trade Reporting Facility for each of Tape A, Tape B, and Tape C transactions. A FINRA member may earn credits from the pools according to the pro rata share of revenue attributable to over-the-counter transactions reported to the FINRA/Nasdaq Trade Reporting Facility by the member in each of Tape A, Tape B, and Tape C for each calendar quarter. Credits will be paid on a quarterly basis. The percentage of attributable revenue shared with a particular member will be determined as follows:

Tape A

Percentage Market Share	Percent of attributable revenue shared
Greater than or equal to 2%	98%
Less than 2% but greater than or equal to 1%	95%
Less than 1% but greater than or equal to 0.50%	75%
Less than 0.50% but greater than or equal to 0.10%	20%
Less than 0.10%	0%

Tape B

Percentage Market Share	Percent of attributable revenue shared
Greater than or equal to 2%	98%
Less than 2% but greater than or equal to 1%	90%

Less than 1% but greater than or equal to 0.35%	70%
Less than 0.35% but greater than or equal to 0.10%	10%
Less than 0.10%	0%

Tape C

Percentage Market Share	Percent of attributable revenue shared
Greater than or equal to 2%	98%
Less than 2% but greater than or equal to 1%	95%
Less than 1% but greater than or equal to 0.50%	75%
Less than 0.50% but greater than or equal to 0.10%	20%
Less than 0.10%	0%

For purposes of this Rule, "Market Share" means a percentage calculated by dividing the total number of shares represented by trades reported by a FINRA member to the FINRA/Nasdaq TRF during a given calendar quarter by the total number of shares represented by all trades reported to the Consolidated Tape Association or the Nasdaq Securities Information Processor, as applicable, during that quarter. Market Share is calculated separately for each tape.

FINRA members that trade securities listed on the NYSE ("Tape A"), Amex and regional exchanges ("Tape B"), or Nasdaq ("Tape C") in over-the-counter transactions reported to the FINRA/NYSE Trade Reporting Facility may receive from the FINRA/NYSE Trade Reporting Facility transaction credits based on the transactions attributed to them. The charge to be paid by a member shall be \$25 per month, per firm. Nothing in this Rule shall prevent such third-party intermediaries from charging additional fees for their services.

(b) Transaction Reporting Fees

For each transaction in a TRACE-Eligible Security that is reportable to FINRA pursuant to the [Rule 6700](#) Series, the following charges shall be assessed against each member responsible for reporting the transaction:

(1) Trade Reporting Fee

(A) Except for a transaction in an Asset-Backed Security, as defined in [Rule 6710\(m\)](#), that is an Agency Pass-Through Mortgage-Backed Security, as defined in [Rule 6710\(v\)](#), traded to be announced ("TBA"), as defined in [Rule 6710\(u\)](#) or that is an SBA-Backed ABS, as defined in [Rule 6710\(bb\)](#), traded TBA (each a "TBA transaction"), a member shall be charged a trade reporting fee based upon a sliding scale ranging from \$0.475 to \$2.375 per transaction based on the size of the reported transaction. For Asset-Backed Securities where par value is not used to determine the size (volume) of a transaction, for purposes of trade reporting fees, the size (volume) of a transaction is the lesser of the original face value or the Remaining Principal Balance, as defined in [Rule 6710\(aa\)](#).

(B) Except for TBA transactions, transactions up to and including \$200,000 par value will be charged a \$0.475 fee per transaction; transactions over \$200,000 and up to and including \$999,999.99 par value will be charged a fee of \$0.000002375 times the par value of the transaction (i.e., \$0.002375 per \$1,000) per transaction; and transactions of \$1,000,000 par value or more will be charged a fee of \$2.375 per transaction. TBA transactions will be charged a trade reporting fee of \$1.50 per transaction.

(C) A member that is required to report a List or Fixed Offering Price Transaction or a Takedown Transaction shall not be charged the fees in paragraphs (b)(1)(A) and (B) for such transactions.

(2) Cancel or Correct Trade Fee

A member shall be charged a Cancel or Correct Trade Fee of \$1.50 per canceled or corrected transaction.

(3) "As/of" Trade Late Fee

(c) Market Data Fees

Market data fees are charged for each Data Set. Professionals and Non-Professionals may subscribe to receive one or more Data Sets of Real-Time TRACE transaction data disseminated by FINRA in one or more of the following ways for the charges specified, as applicable. Members, vendors and other redistributors shall be required to execute appropriate agreements with FINRA.

(1) Professional Fees

Professionals may subscribe for the following:

(A) Professional Real-Time Data Display Fee of \$60 per month, per display application per Data Set of Real-Time TRACE transaction data, except as may be subject to a waiver set forth below, or a flat fee of \$7,500 per month per Data Set entitling Professionals to make unlimited internal use of such Data Set(s) of Real-Time TRACE transaction data on any number of display applications.

(i) During a pilot program that expires on November 7, 2014, if a member, vendor or other redistributor offers a Professional a free trial of a data product that includes Real-Time TRACE transaction data, FINRA will waive the Professional Real-Time Data Display Fee of \$60 per month, per display application per Data Set, for not longer than one month (i.e., a period not longer than 31 days), concurrently with the free trial. Not more than four Professionals associated with, employed by, or otherwise affiliated with a member, employer or other person may receive the FINRA fee waiver during the free trial. After FINRA has waived the fee in connection with a free trial offered by a member, vendor or other redistributor, a Professional and the member, employer, or other person whom the Professional is associated with, employed by or otherwise affiliated with may not use the waiver again for that member, vendor or other distributor until 12 months has lapsed from the last day of the prior waiver.

(B) Vendor Real-Time Data Feed Fee of \$1,500 per month per Data Set for receipt of continuous Real-Time TRACE transaction data for any person or organization (other than a Tax-Exempt Organization) that receives a

These fees entitle use of such Data Set(s) in one or more of the following ways: internal operational and processing systems, internal monitoring and surveillance systems, internal price validation, internal portfolio valuation services, internal analytical programs leading to purchase/sale or other trading decisions, and other related activities, and the repackaging of market data in such Data Set(s) for delivery and dissemination outside the organization, such as indices or other derivative products. (These fees do not include per display application charges noted in paragraph (c)(1)(A) per Data Set(s) of Real-Time TRACE transaction data.)²

(C) Vendor Real-Time Data Feed Fee of \$400 per month per Data Set for Real-Time TRACE transaction data received by a Tax-Exempt Organization as defined in Rule 7730. A Tax-Exempt Organization qualifies to receive Real-Time TRACE transaction data under this paragraph if it does not redistribute such data in bulk, or it re-distributes such data in bulk or otherwise at no charge solely to Non-Professionals or other Tax-Exempt Organizations that agree to be subject to the same restrictions.

(D) A natural person otherwise subject to market data fees under Rule 7730 is not subject to such fees when he or she accesses and uses TRACE transaction data solely for his or her personal, non-commercial use.

(2) Non-Professional Fees

(2) Non-Professional Fees

If FINRA provides all or any portion of one or more Data Sets of Historic TRACE Data to a Non-Professional, FINRA will charge a cost-neutral fee under Rule 7730(e) comprised solely of the cost of the media and the cost of delivery (e.g., U.S. Postal Service or other requested delivery service).

(e) Other Requests for Data

FINRA may impose and collect charges for data FINRA supplied upon request, where there is no provision elsewhere in this Rule 7730 for charges for such service or sale.

(f) Definitions

(1) "Non-Professional" — As used in Rule 7730, a "Non-Professional" is a natural person who uses TRACE transaction data solely for his or her personal, non-commercial use. As used in Rule 7730, a "Non-Professional" is not:

(A) registered nor qualified in any capacity with the SEC, the Commodity Futures Trading Commission, any state securities agency, any securities exchange or association, or any commodities or futures contract market or association, nor an employee of the above and, with respect to any person identified in this subparagraph (A), uses TRACE transaction data for other than personal, non-commercial use;

(B) engaged as an "investment adviser" as that term is defined in Section 202(a)(11) of the Investment Advisers Act (whether or not registered or qualified under that Act), nor an employee of the above and, with respect to any person identified in this subparagraph (B), uses TRACE transaction data for other than personal, non-commercial use;

(D) engaged in, nor has the intention to engage in, any redistribution of all or any portion of the TRACE transaction data.

(2) "Tax-Exempt Organization" as used in Rule 7730 means an organization that is described in Section 501(c) of the Internal Revenue Code (26 U.S.C. §501(c)) and has received recognition of the exemption from federal income taxes from the Internal Revenue Service.

(3) "Real-Time" as used in Rule 7730 means that period of time starting from the time of dissemination by FINRA of transaction data on a TRACE-Eligible Security, and ending no more than four hours thereafter.

(4) "Historic TRACE Data" as used in Rule 7730 means historic transaction-level data with elements to be determined from time to time by FINRA in its discretion and as stated in a Regulatory Notice or other equivalent publication. Historic TRACE Data will be delayed a minimum of 18 months and will not include MPID information. Historic TRACE Data includes the following Data Sets:

(g) FINRA ADDS Fees

The FINRA Automated Data Delivery System ("FINRA ADDS") provides a member access to TRACE trade journal files. The following fees are for two optional FINRA ADDS services: TRACE Data Delivery Plus and TRACE Data Delivery Secure File Transfer Protocol.

(1) TRACE Data Delivery Plus Fee

The TRACE Data Delivery Plus fee is charged per month to a market participant identifier ("MPID") that is a subscriber, for TRACE Data Delivery Plus reports ("Plus reports") provided to the MPID in response to requests by the MPID. (Plus reports do not include a report in response to a request for a TRACE trade journal file for a specified date, if the specified date is within 30 calendar days of the date of the request, which are provided to an MPID at no charge.) The fee is based on the average number of transactions per month to which the MPID was a party in the prior calendar year, which number is used to assign the MPID to one of the four tiers, and the number of Plus reports the subscriber receives in a month as follows:

Tier Based on Average Number of Transactions per Month MPID Subscriber Was a Party to in Prior Calendar Year	0–5 Plus Reports Received per Month	6–25 Plus Reports Received per Month	> 25 Plus Reports Received per Month
Tier 1: 10,000 +	\$60	\$80	\$100
Tier 2: 3,000–9,999	\$40	\$55	\$70
Tier 3: 500–2,999	\$20	\$30	\$40
Tier 4: < 500	\$10	\$15	\$20

(2) TRACE Data Delivery Secure File Transfer Protocol Fee

The TRACE Data Delivery Secure File Transfer Protocol ("TRACE Data Delivery SFTP") fees are charged to a market participant identifier ("MPID") that is a subscriber and are:

(A) Set-Up Fee — a one-time fee of \$250 per MPID that subscribes to the service.

(B) Monthly Fee — a monthly fee of \$200 per MPID that subscribes to the service.

¹ Charges that may be imposed by third parties, such as CTCL or FIX line providers, are not included in these fees.

² Under the Vendor Real-Time Data Feed Fee and service, Real-Time TRACE transaction data (or Data Set(s) of such data) may not be used in any display application that permits end users to determine individual transaction pricing.
